him abandon this custom, but without avail. He declares it is his wish so to do, and he will.

**Ticket Distribution Criticized.**  
Before the coronation the entry regarding the distribution of the tickets for the ceremonies assumed vast proportions. Many distinguished Catholics, especially foreigners, had arrived in Rome for the purpose of being present at the ceremonies, and they were unable to obtain tickets, while speculators are selling them on the streets. At the French embassy, accredited to the Vatican, great indignation prevailed, and a communication was addressed to the press informing the French colony that it would be impossible to provide tickets, as only thirty had been received at the embassy.

The government ordered troops to the number of 1,000 to occupy the plaza in front of St. Peter's at 4 o'clock a. m. In addition, re-enforcements were ready to be dispatched immediately should that be necessary.

The departure from Rome of Cardinals Laugeneux and Lecot without waiting for the coronation is much commented upon, as the French cardinals had refused until the last moment to vote for Sarto.

## BIG SEIZURE OF LIQUOR.

**Alleged That Rutland Bottling Firm Had Been Selling Illegally.**

Rutland, Aug. 9.—P. H. Barrett and James Kenney were arrested by Deputy Sheriff E. C. Fish at West Rutland Saturday afternoon and a large quantity of intoxicating liquor and beer found in their possession was seized by the officer and placed in the custody of the license commissioners of West Rutland. At the time of the seizure of the liquor, the proprietors of the Rutland bottling works, the wagon was loaded with beer kegs, beer in cases and liquor in small packages and the two men were delivering these goods to persons in West Rutland.

James Kenney has been in the employ of Manney & Co. soliciting orders of persons not in the liquor trade. The liquor seized included 19 eight gallon kegs of beer, three 10 gallon kegs, eight or 10 cases of beer in bottles and a quantity of liquor in small packages. These packages were all seized at the premises of H. C. Bloomer, one of the license commissioners. States Attorney W. H. Preston was in West Rutland at the time of the arrests and it was arranged that the prisoners should be given a hearing at West Rutland tomorrow afternoon at two o'clock. The arrests were made by order of the license commissioners of West Rutland.

## OFFICER A HERO.

**Burlington Policeman Rescued Young Lady from Death.**

Burlington, Aug. 10.—Miss Emily Canfield of 146 Williams street is suffering from a slight accident, which looked for a moment to be of a serious nature and which no doubt would have proven such had it not been for the presence of mind of Officer Milo C. Gratton.

Miss Canfield arrived in the city Saturday night on the train due here from the south at 6.30 and in the excitement of the moment, while she was passing across the train shed, she did not notice an incoming train from the north, which was pulling in on the middle track at a slow rate of speed. She was just stepping on the track when she was struck in the side by the cow-catcher, throwing her to the floor. Officer Gratton, who was on duty at the station, seeing that Miss Canfield was about to roll under the wheels of the engine, rushed forward at the risk of his life and rescued her from her dangerous position.

STRIKE OVER  
AT WATERBURY

Long Trolley Trouble Finished.

## JOYFUL DEMONSTRATION

The Strike Started Thirty Weeks Ago. Some of Old Men Taken Back.

Waterbury, Conn., Aug. 9.—The strike of trolley men which began thirty weeks ago today was settled this afternoon, the Connecticut Railway and Lighting company agreeing to take back part of the strikers at once at the old wages, to give employment to others as soon as practicable and to treat with a committee from the men regarding future grievances. The announcement of the settlement led to a general public demonstration of joy throughout the city, and the excitement which prevailed was almost equal to that which attended the riot early in the strike which led to the calling out of the state militia.

The settlement followed negotiations which have lately been conducted between General Manager Sewall of the railway company and the trolley men's executive committee.

Al Ray came in first in the fifth heat, but was set back to third place by the judges who claimed that his driver did some foul driving, to which decision the majority of the crowd objected. Willbro, another Barre horse, was fifth in the 2.25 class.

BEST PICNIC  
EVER HELD

Verdict on Clan Gordon's Annual.

## NEARLY 3,000 PRESENT

Weather Was Fine For the Event and Caledonia Park Was Crowded.

A climax was reached as regards successful picnics which have been held at Caledonia Park, Barre's favorite outing grounds, this summer, when Clan Gordon, No. 12, O. S. C., the largest order in the city, held their nineteenth annual picnic and games there last Saturday.

The weather was superb for the occasion and the crowd that turned out was variously estimated from 2500 to 3000 in number and no more orderly or better behaved crowd has ever been seen at the park.

The committee who had the management of the picnic was most satisfactory in its work and has the honor of being foremost in making this picnic the most successful.

The elaborate programme of sports was carried out without a hitch. The large open field where the sports were held was roped off into an arena one eighth of a mile in circumference. The crowd which eagerly watched the many features extended clear around the grounds.

The many booths were well supplied with soft drinks, pop corn, bananas and cigars. Almost seventy gallons of Mascot's famous ice cream was consumed during the day, twenty gallons ahead of last year's supply. Aunt Sally, hitting the dolls, shooting contest and quoits were a big attraction for the crowd.

In the dancing pavilion Gilbertson's orchestra of five pieces supplied excellent music for the dancers during the entire afternoon and the floor was always filled with couples.

The Klitties bagpipe band of seven pieces from Montreal, was among the chief attractions and as they marched around the field elated in their Scottish Highland costume and playing Scotch melodies they made a very pretty spectacle.

One of the prettiest and most pleasing parts of the programme was the dancing of the Highland reel by the three Barre sisters, Flora, Margaret and Grace, to the music of the bagpipes, after which they appeared again dressed as three sailors or boys and danced the Sailors Hornpipe to the great delight of the crowd.

William Barclay repeated his usual custom of distributing dimes and nickles among all the children on the grounds under the age of 12 years. As the little boys and girls were lined up in separate rows and marched up to receive their prize there were by actual count 218 boys and 195 girls, making a total of 413 children.

The games started at 10.30 a. m., with the popular judges, William Barclay and Alex Bruce, and James Campbell acted as referee in place of Fayette Cutler.

The first contest was throwing heavy hammer, 10-lb. Prizes: \$3, \$2 and \$1. Winners, W. B. Scott, 82.10 ft.; D. J. Murray, 79.11 ft.; C. Keith, 78.11 ft. Throwing light hammer, 12-lb. Prizes: \$3, \$2 and \$1. W. B. Scott, 67.4 ft.; C. Keith, 63.3 ft.; James McConnachie, 62.9 ft.

QUIET SUNDAY  
WITH MILITIA

The Cold Weather Kept Crowds Away.

## MUCH INSUBORDINATION

Privileges of Visiting Burlington in Evening Taken Away—Non-Coms. Reduced.

Burlington, Aug. 10.—The First Regiment, Vermont National Guard, made rapid improvement Saturday and dress parade last night was much better than it has been before. The weather the past week has been as good as could be wished for for drilling purposes but the nights have been cold and the men have not been as comfortable as in some years, although no hardships have been endured. The muster is now about half over and if the regiment improves as much in the next few days as it has in the past it will be a body of men that will be a credit to the state and to themselves.

Saturday at camp was passed according to routine, with company drills in the morning and battalion drills in the afternoon. Details went to the range from several companies as usual and had target practice. The number of men will be reduced this week, those having the largest scores being retained until the 12 best are selected. That number will represent the regiment at the shoot to be held at Sea Girt, N. J., in September. The matter is in the hands of Capt. C. F. Burnham, inspector of rifle practice.

In the evening a large number of men came to Burlington on a general pass, good until 10.45, that freedom having been granted every evening by Col. Estey, but owing to the disturbance created by some of the men the order was revoked Sunday and from now on only a few passes will be granted to each company.

While the men were returning to camp Saturday night on the electric cars a fight was started between several of the non-commissioned officers and some of the regulars at Fort Ethan Allen. Blows were struck but there were officers on the car and one man from the Vermont regiment was placed under arrest and the disturbance quieted. Several of the men were disorderly and were arrested by the guard, among them being several non-commissioned officers. Lieut. Col. Bonnet was appointed summary court and the men were arraigned before him yesterday. They were all fined and the non-commissioned officers were reduced to the ranks.

Sunday is always a visitors' day in camp but this year the rain kept the crowd away until late in the afternoon and even then not many were present. It was planned to have a general inspection in the morning by Gen. Gilmore but owing to the rain it had to be postponed and when it was held late in the afternoon the companies were inspected in their company streets instead of on the ground.

## HEARING ON PAVING.

**All Agree to Necessity of it on South Main Street.**

The street commissioners gave a hearing Saturday on the advisability of extending the paving up South Main street to the fork shop. A half a dozen abutments appeared.

All agreed to the necessity of a permanent road bed, but there was some difference of opinion as to what it should be. One abutment thought macadam would be better than block paving, but when his attention was called to the fact that Barre street in Montpelier, which was paved with macadam five or six years ago, was being torn up and relaid, he had nothing further to say.

## VITAL STATISTICS.

**In Six Months There Were 153 Births and 81 Deaths.**

Vital statistics for the first six months of this year have been prepared by Health Officer J. W. Jackson, and the figures are interesting as compared with those of a year ago. This year there were 153 births as against 143 one year ago. One year ago there were 73 males and 70 females. This year there were 73 males and 80 females. There were 81 deaths this year against 73 one year ago, while 30 bodies were brought into the city from outside in the six months of 1902 and 29 in 1903.
